SUMMARY

Motivated and detail-oriented Computer Engineering Technology student with a solid foundation in web design, user experience (UX), and cloud computing. Proficient in tools like Figma, Adobe Photoshop, and web technologies including HTML, CSS, and JavaScript, I am passionate about developing accessible and user-friendly solutions that prioritize design and functionality. As an AWS cloud enthusiast, I bring a creative problem-solving mindset to delivering innovative digital experiences. My goal is to contribute my technical skills and design expertise to collaborative projects, and organizational objectives.

PROFESSIONAL EXPERIENCE

Upcoming: UX/UI Designer Co-op

Jan 2025 – Apr 2025

HRXConnect – Canada (Remote)

- Responsible for developing and refining wireframes, prototypes, and user interfaces for enterprise-level HR solutions.
- Collaborate with the design and technology teams to enhance usability and user experience.
- Conduct user testing sessions, collect feedback, and iteratively improve designs based on results.
- Leverage tools like Figma and Adobe XD to create engaging and functional UI designs.

Master Control Operator

Jan 2024 – Oct 2024

Asian Television Network | Canada

- Operated and monitored broadcast signals, ensuring uninterrupted transmission while applying technical troubleshooting to solve issues promptly.
- Collaborated with the IT and development teams to implement digital content solutions, integrating broadcast signals and web technologies for streaming platforms.
- Conducted tests to ensure system compatibility, optimizing technical performance across multiple devices and platforms.

Web Designer / Social Media Manager

Dec 2022 – Jan 2023

Dan Television Network | Sri Lanka

- Developed and maintained user-friendly and responsive websites using HTML, CSS, and JavaScript, ensuring accessibility across devices and browsers.
- Collaborated with the team to design and implement UI/UX layouts and user-focused web pages, enhancing website functionality and design for better client engagement.
- Utilized web technologies, such as jQuery and React.js, to implement interactive elements and improve web page performance and user interaction.

PROJECTS

Novaflix OTT Site

GitHub: [Novaflix OTT Project](#)

- Developed a fully functional online streaming platform using HTML, CSS, and JavaScript to create a responsive and engaging user interface.
- Integrated essential features, including a dynamic homepage, movie catalogs, elegant hover effects.
- Focused on creating a seamless experience for users across various devices, utilizing responsive design techniques.

Sample Portfolio Design

GitHub: [Portfolio Design](#)

- Designed and developed a personal portfolio website showcasing web development skills, with a focus on responsive design and cross-device compatibility.
- Utilized HTML, CSS, and JavaScript for front-end development, integrating modern web design trends to create a visually appealing and functional portfolio.
- Applied best practices in UI/UX design, ensuring smooth user interaction and presenting projects in a clean, accessible format.

SKILLS

- Web Development: Proficient in HTML, CSS, JavaScript, React.js, jQuery, Git.
- UI/UX Design: Experience in building responsive and user-friendly web interfaces.
- UX Design & Prototyping: Wireframing, User Testing, and Usability Audits (Figma, Adobe XD, Photoshop).
- Web Technologies: Strong understanding of HTML5, CSS3, and JavaScript frameworks.
- Version Control: Familiarity with Git, GitHub repositories, and version control best practices.
- Web Design Tools: Adobe Photoshop and Figma
- Social Media Management: Experience managing social media accounts and content creation for platforms like Instagram, TikTok.
- Technical Troubleshooting: Ability to identify, troubleshoot, and resolve technical issues related to web development and media operations.
- Personal Attributes: Detail-oriented, client-focused, initiative-driven, and a strong team player.
- Work Environment Fit: Thrives in fast-paced settings with tight deadlines and repetitive tasks, ensuring attention to detail at all times.

EDUCATION

Computer Engineering Technology

Seneca Polytechnic College

ADDITIONAL INFORMATION

- Certifications:** Salesforce Certified Associate, AWS Cloud Practitioner
- Awards/Activities:** Best Mobile App Design by Yarl IT Hub (2018)
